

RAPS DOUBLE TASTE

NATURAL FLAVOUR BOOSTERS

NEW

FOOD PAIRING & FOOD COMPLETING RE-INVENTED

MORE FLAVOUR – MORE VARIETY!

RAPS DOUBLE TASTE was developed to apply **natural extracts** on **chunky raw materials**, thus generating a special taste experience. A food product serves as **carrier**.

In addition to a sensory boost for food products, **many surprising and well-balanced flavour combinations** are possible.

Basically, there is a **vast range of chunky raw materials**, the taste of which can be improved with RAPS DOUBLE TASTE. Beside vegetable and fruit pieces, grain granulates, rice or dried herbs are also suitable.

Extraordinary flavour creations and **maximum cleanness** are guaranteed!

SELECTABLE OPTIONS:

- ★ Intensify the typical flavour
- ★ Combination with another suitable flavours
- ★ Creation of exciting new flavours with contrasting extracts

YOUR ADVANTAGES AT A GLANCE:

- + maximum cleanness, without additives subject to declaration
- + Unlimited application possibilities
- + Additional liquid components are not necessary
- + Excellent flavour is retained from opening the packaging to consumption
